..... THE
..... CHANGE
.....

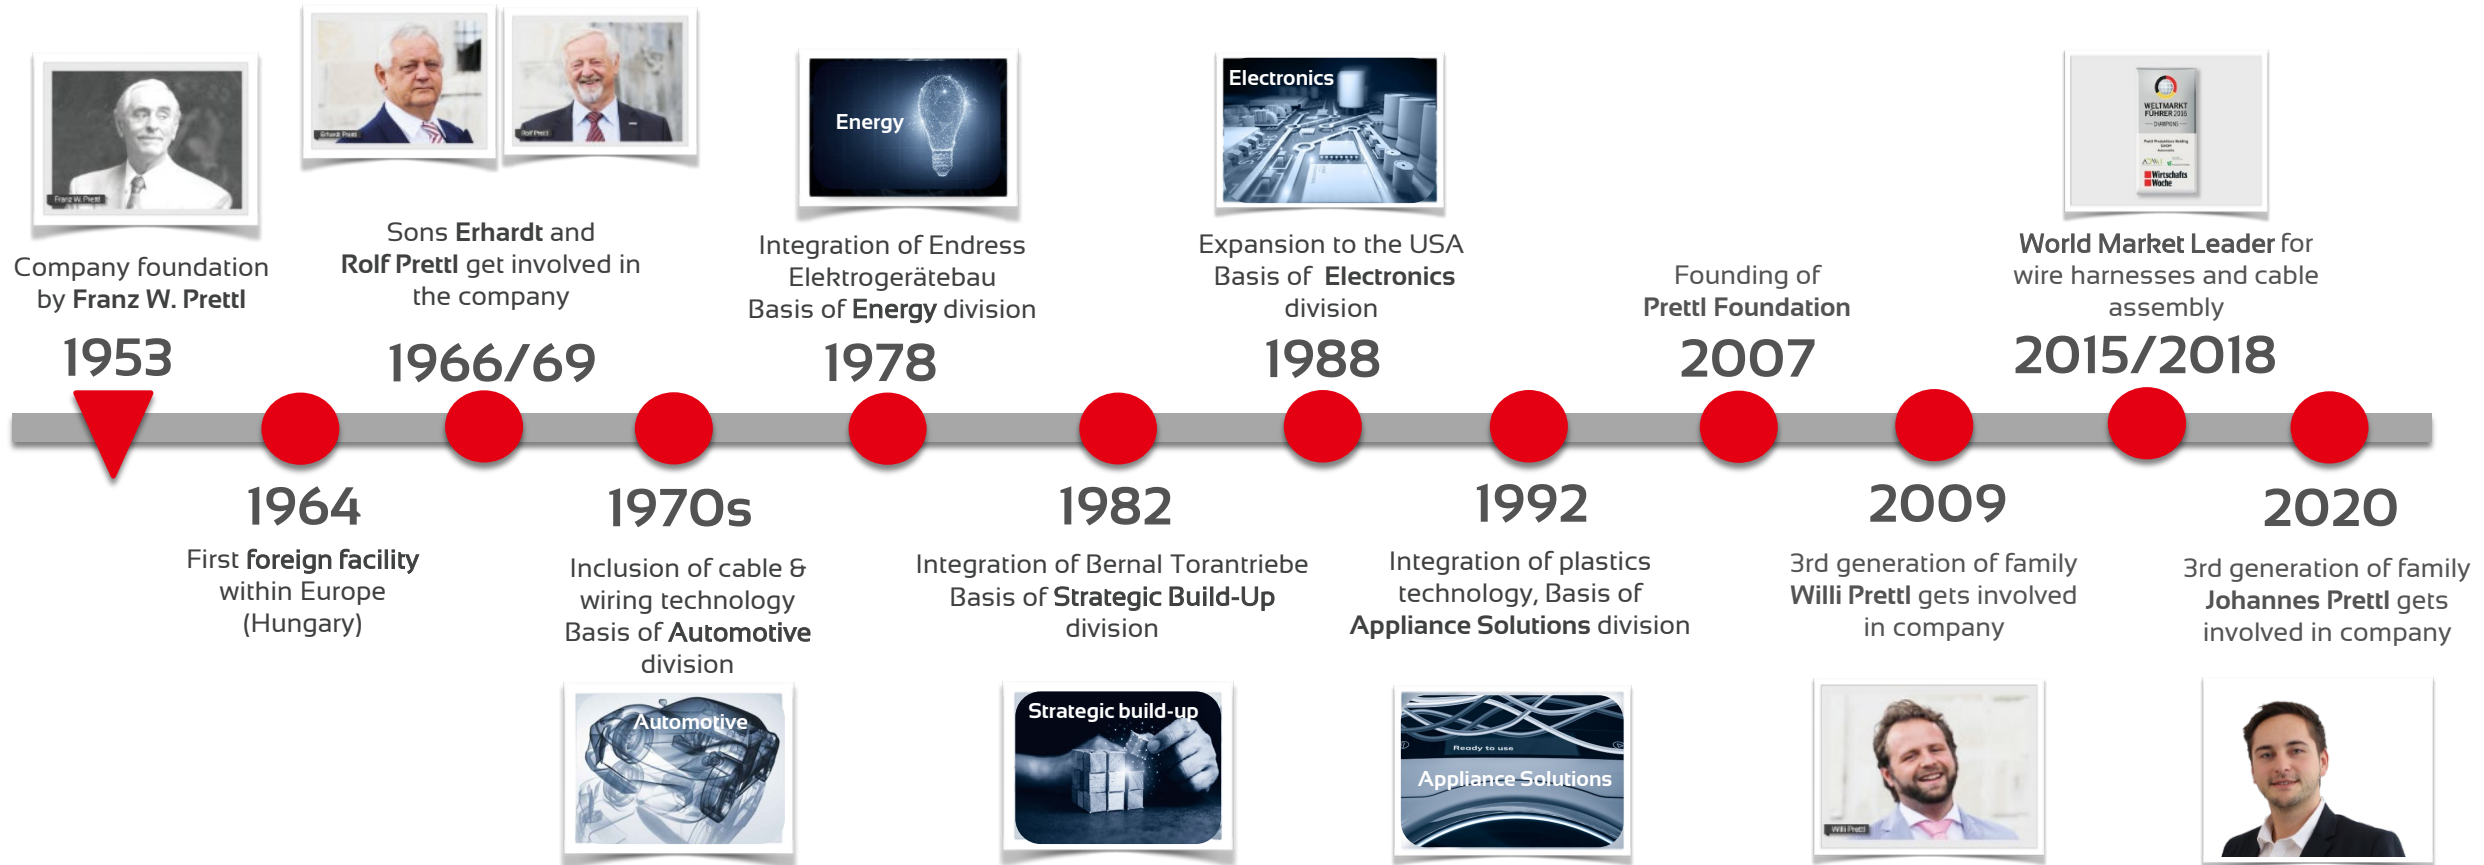

Prettl at a glance.

- Family-owned more than 65 years
- Headquarter in Pfullingen / Germany
- 5 industry segments
- > 40 Locations in more than 20 countries
- > 10.000 employees
- > 1 bn. € turnover

Vision Go Zero – Prettl path to CO₂ Neutrality

Benefit from more than 65 years of experience

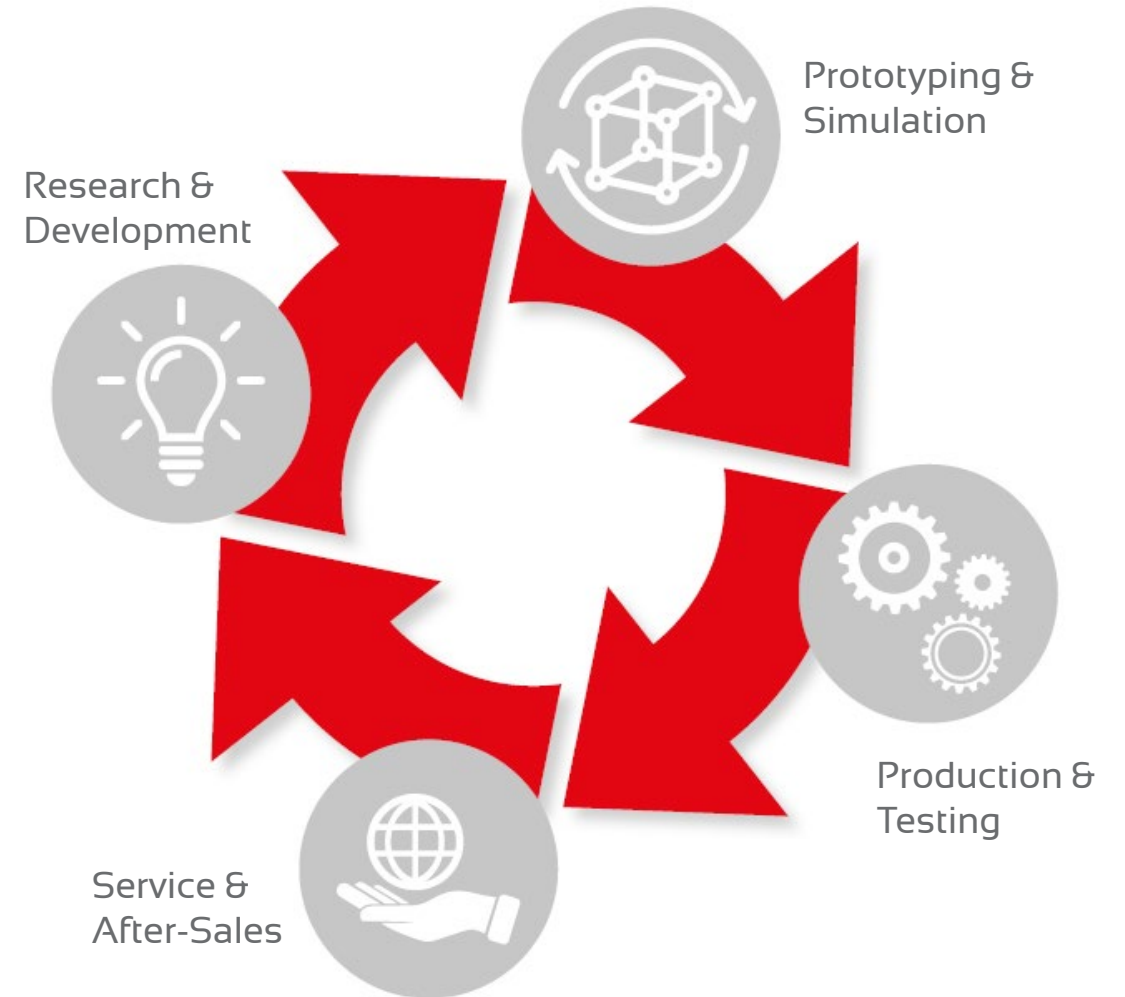

Prettl for you

Provision of production and development capacities

- Internationally-oriented customers
- Worldwide production facilities close to the customer
- Both at low-cost and high-tech locations

"We offer customers the development and production services they want from us, at the location where they need them and at the level of quality and cost they require."

Our Industries

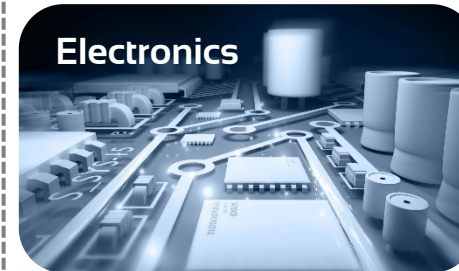

- Sensor cables and cable assemblies
- Coils, magnetic actuators and valves
- Electromagnetic components
- Metal technology and seat structures
- Components for electric drives

- Operating modules
- Wire harnesses
- Control panels
- Lighting modules

- Power generators and emergency power units
- Energy storage systems
- Inverters
- Inverters for drives and auxiliary units

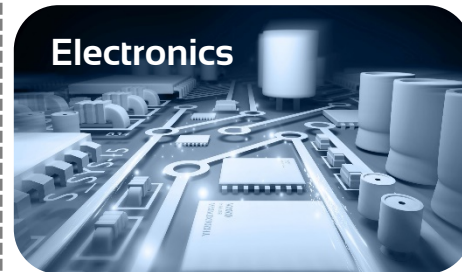

- E²MS
- Application Telematic Infotainment Gateways
- Industrial electronics
- IoT-solutions
- Charging infrastructure

- High quality kitchen appliances
- Consulting for internationalization projects
- Data sources and user experience
